ELENA, the European Legal Network on Asylum, is a forum for legal practitioners who aim to promote the highest human rights standards for the treatment of refugees, asylum seekers and other persons in need of international protection in their daily counselling and advocacy work. The ELENA network is coordinated by the ECRE Secretariat and extends across most European states and involves some 2,000 lawyers and legal counsellors.

ELENA's objectives are pursued by:

- Providing and reinforcing contact between practising lawyers and legal counsellors in different European countries who work on asylum cases;
- Facilitating the exchange of information and experience between these lawyers and legal counsellors;
- Studying the implementation of national and international law relating to refugees;
- Organising seminars on specific topics relating to refugee law and making results available to practising lawyers;
- Promoting the development of national networks of lawyers specialising in asylum law.
